BC 60 Cycle Carrier

BC 60 Cycle Carrier  
Convenient and  
easy to use

## Innovative load carrying solution

The BC 60 Cycle Carrier has been specifically designed with the needs of the customer firmly in mind.

Safe, convenient and easy to use the BC 60 easily mounts in seconds onto the towball without the need for tools. The BC 60 is suitable for cycles with a wheel base of up to 1300mm and can carry loads up to 60kg, making it ideal for heavy electric cycles. Loading cycles onto the BC 60 at waist height is easy compared to loading onto a roof mounted rack.

When not in use the BC 60 can be folded (58 x 69 x 22cm) making storage easy.

A range of practical accessories are available including an expansion rail to carry a third cycle as well as a transport box and platform, providing additional load carrying solutions.

### BC 60 Cycle Carrier

Towbar mounted carrier for two cycles

Part No: 350 030 600 001

### Expansion Rail

Increases the capacity of the BC 60 to 3 cycles

Part No: 350 014 600 001

### Transport Box

Multi purpose box, ideal solution when you need extra storage space

Part No: 350 002 600 001

### Transport Plattform

Robust platform ideal for carrying garden waste, DIY materials, etc

Part No: 350 004 600 001

### Storage Bag

Bespoke bag for clean and easy storage of the BC 60

Part No: 350 008 600 001

### Ride on Ramp

Makes loading and unloading cycles easy

Part No: 350 020 600 001

### Wall Mounting Bracket

Metal bracket for fastening the BC 60 to a wall

Part No: 350 006 600 001

### Additional Brake Light

For use where the 3<sup>rd</sup> brake light is covered by cycles

Part No: 350 000 305 173

Storage Bag

Transport Box

Compact, fold away design

Transport Plattform

Provides an additional 200 litres of storage space. Charcoal coloured robust, all weather plastic box with wheels and removable lid. Mounts in seconds.

Robust, weatherproof storage platform that provides useful additional storage space for garden waste, building materials, etc up to 54kg. To keep items secure in transit, straps can easily be fastened to the Platform.

## Innovative system that sets new standards

- » Mounts and securely fastens in seconds
- » Anti theft protection - both cycles and carrier can be locked using one key
- » Folds down when not in use for easy storage (58 x 69 x 22cm)
- » Payload of 60kg making it ideal for heavy electric cycles
- » Ideal for cycles with a long wheelbase up to 1300mm
- » Fold down mechanism facilitates free access to the boot even when loaded
- » Expansion rail available increasing the BC 60's capacity to 3 cycles
- » TUV / GS Certified
